

Reg-No: 72/2017

At the Institute of Psychology, Friedrich Schiller University of Jena, Department for General Psychology and Cognitive Neuroscience (Prof. Stefan R. Schweinberger), a position as

**Research Assistant**

(full-time for successful post-doctoral applicants; alternatively: 2 positions á 50% part-time)

is available from **October 1, 2017** or as soon as possible, initially for 3 years, with the option for extension.

Successful applicants for the full-time position are expected to have a PhD in Psychology or related areas and an excellent scientific record, typically demonstrated by publications in international journals. We seek a candidate with extensive expertise in experimental psychology and cognitive neuroscience. Programming skills and experience in multivariate analysis of high-density EEG data is advantageous. We expect enthusiastic teaching in the Bachelor and Master degrees (4 hours per week during the academic term). Successful candidates will be given the opportunity to do a habilitation (professorial qualification in the German academic system).

Successful applicants for 50% part-time positions are expected to have a good Diploma or Masters degree in Psychology, intention to complete a PhD (where not obtained already), scientific enthusiasm, and a specific interest in the research topics of the Department. We expect active teaching in either the Bachelor or Master degrees (2 hours per week during the academic term).

We offer work in an exciting team of researchers at the Department and in an interdisciplinary research network which investigates cognitive, social and neuronal processes involved in person perception and human interaction. The department hosts state-of-the-art labs (3 high-resolution EEG-labs with up to 144 channels, a 3D-camera system, an audio-video lab for recording and editing experimental stimuli, an eyetracking-lab, and the additional option to perform fMRI, TMS and MEG experiments in collaboration with other departments). Information on research priorities of the Department and the DFG Research Unit can be found in the internet ([www.allgpsy.uni-jena.de](http://www.allgpsy.uni-jena.de), [www.personperception.uni-jena.de](http://www.personperception.uni-jena.de), [www.voice.uni-jena.de](http://www.voice.uni-jena.de), [www.autismus.uni-jena.de](http://www.autismus.uni-jena.de)).

Salary depends on public salary scales (TV-L) according to individual qualification, up to salary scale 13. The University of Jena is committed to equality of opportunity for all by providing a supportive and inclusive working environment.

Applications with a letter of motivation and a detailed CV **in a single pdf file** should be made until **May 2, 2017**, to [kathrin.wiese@uni-jena.de](mailto:kathrin.wiese@uni-jena.de) (secretary). Informal enquires can be directed to [stefan.schweinberger@uni-jena.de](mailto:stefan.schweinberger@uni-jena.de).
